Present: Peter Boisseau, Paul Johnston, Tarik Khan, Selina Mifsud, Matthew Piper, Peter Sinden

1. Goodsyard. The meeting began with a presentation from Soundings, a consultancy company employed by the developers of the Goodsyard site. The presented the current development plan and some of the responses from the recent public consultation. The plans are currently being revised by the developers and some detail, especially on the height of the towers, is expected soon. 2. Membership renewals. Matt to send a reminder to the group to encourage more members to renew.

3. Public meetings

Matt to send an email to members asking for nominations of charities to receive a share. The committee will make a final decision with an emphasis on small local charities.
- Plans for 2014 – following the Goodsyard presentation it was decided that SCG should arrange a public meeting for members to comment on any revised plans from the developers.

4. SPIRE/licensing

- Public Life – another potential tenant has asked to meet the group to discuss their plans. David to arrange a meeting.
- Off-licences – there are a number of reviews taking place in January triggered by LBTH.

6. Survey. Matt to finalise findings of the survey and to circulate to committee members.
